

No 1 Newsletter Summer 2004

Dear friends,

I am really excited about the first newsletter of Divina Luce-The School for Conscious Living.

This year has been already packed with wonderful classes and events. I feel privileged to travel this journey together with you. Thank you all for being a part of this family.

New Years Gathering

About a hundred people started the year in January to focus, meditate, heal and share in the spirit of compassion and heart space.

Donation

During the New Years Gathering we collected over €300 with a raffle. All throughout the Practice Evenings of 2003, €2 per person was donated, which brought another €770. All money was donated to **AIDS WEST** in Galway.

Polarity-Seichem

After Easter, from the 13th -18th April ten of us went to the Boghill Centre in the Burren to experience the five elements in depth through meditation, deep healing, exercises, food, new treatment sessions, evaluating each other according to an element, fun, and much more. On the water day most of us went into the sea for a swim. We came away with much more freedom and self- acceptance and felt nurtured on all levels. We were very impressed with the organic food and all the love that went into preparation of the meals. A big thanks to Jans who was our cook during these days. I would like to thank Sonja, the proprietor of the centre for her warm welcome. The workspace was beautiful and spacious and I would love to do more training classes out there.

Do you want to know more about healing with the five elements of earth, water, fire, air and ether, come to the next class in **October, from the 21st-26th 2004**. Those of you who have done this module (7) and would like to repeat can do so at a reduced rate

The Clinic is something new the school offers and the first one took place on the 26th April in the Clybaun Hotel. These evenings are designed to give you the opportunity to practice and learn how to treat people in a professional manner in a safe and supervised environment with the intention of gaining confidence through experience.

Testimonials

I would like to give some space to those of you that have had positive experiences with the use of Seichem and Golden Dragon or the Violet Flame of Transformation. Please send me your stories for the next newsletter.

Rosaleen has recently completed module 1. She has suffered from ME for the last 2 ½ years. She felt great improvement during the weekend and has continued to work on herself for the last number of weeks. Her comment: *I have my life back, I feel great.*

Connie: For all those of you that have worked with the power of the Kodoish before, Connie discovered how you can use it to dissolve deep seated hatred in yourself or another person through invocation and chanting. Try it out for yourself.

Namaste is an ancient Sanskrit understanding: I honour the place in you in which the whole universe dwells. I honour the place in you, which is of Love, Truth Light and Peace. When you are in that place in you and I am in that place in me, We are One.
